

BOSON 2026 PLATFORM SPECS

PRECISION ENGINEERED WORK RIG

Bed Size:
95.9" L x 56.5" W

Overall Size:
168.5" L x 67.8" W

Battery:
19.4 kWh LiFePO4

Charge Time:
5-6 hrs L2

Top Speed:
20 mph

Clearance:
9.5 in

WHY IT MATTERS

One shared platform reduces training, parts complexity, and service headaches. Whether you haul, spray, transport crews, or support daily maintenance – every Boson starts with the same electric 4WD foundation.

BOSONMOTORS.COM • BOSON MOTORS INC. • CA, TX

BOSON

THE LINEUP

FOUR RIGS. ONE CHASSIS.

Same 19.4 kWh battery, same dual-motor 4WD, same 72-mile range. Pick the bed that fits the job.

01 - FOUNDATION WORK RIG

- Flatbed utility for hauling tools daily materials
- 2,000 lb payload with electric 4WD power
- Built for farms, fleets, campuses, and More

SEE ONE AT WORK

DEMO. SPEC. RESERVE.

Three steps from a brochure to a fleet. We come to you, walk through your operation, and lock the spec that fits.

01 BOOK THE DEMO
On-site or remote. We bring the rig to you.

02 SPEC THE BUILD
Pick the rig and accessories that match the job.

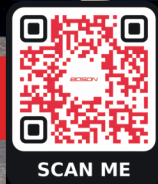

03 RESERVE & ROLL
Lock pricing, schedule delivery, get trained.

WHAT HAPPENS DURING THE DEMO

- Walk through your daily workload
- Compare current fuel and maintenance costs
- Review the best rig configuration
- Confirm charging setup and use case fit
- Discuss delivery timing and options

No pressure. No guessing. Just a clear look at whether Boson fits your operation.

WHY BOSON

BUILT FOR UPTIME. NOT FUEL RUNS.

A platform engineered around the part of the day no one talks about: the part where you need the rig to just keep working.

110V CHARGES ANYWHERE
Plug into a standard outlet – no special infrastructure needed.

ZERO FUEL. ZERO HASSLE.
No gas runs, no diesel exhaust, fewer service items.

3,000 CYCLE BATTERY
LiFePO4 chemistry built for repeated daily use.

QUIET OPERATION
Work earlier, later, around people without engine noise.

ONE CHASSIS, FOUR CONFIGS
Work, Load, Crew, Spray – all on the same platform.

USER-SERVICEABLE BY DESIGN
Simple maintenance and long-term ownership.

REMOTE DIAGNOSTICS READY
Telematics support for monitoring and faster fixes.

BUILT FOR DAILY WORKLOADS
Hauling, towing, transport, spraying – without complexity.

REAL WORK APPLICATIONS

WHERE BOSON EARNS ITS KEEP.

Operators are running Boson rigs in the places where reliability, quiet, and zero fuel matter most.

- FARMS & VINEYARDS
- NURSERIES
- GOLF & TURF
- MUNICIPAL
- SCHOOLS
- PARKS & RESORTS
- EVENT OPS
- MAINTENANCE

OPERATOR FEEDBACK

"If I were to describe the Boson in one word – superior. Being able to rely on something without any financial investment in fuel is huge."

SEAN PEPPY
REGENERATIVE FARMER · DEL VALLE, TX

"First two days it blew my mind with what it could do. Exceptional machine and exceptional team. Excited waiting for our Boson to show up."

JEVIN B.
SUPERINTENDENT · GROUNDS OPERATIONS

WHERE BOSON WINS

- Quiet enough for early mornings
- Strong enough for daily haul/tow
- Clean for indoor or sensitive sites
- Simple enough for any crew
